## ABOUT AAKAR ABHINAV

Aakar Abhinav Consultants Pvt. Ltd. (AACPL) is an ISO 9001:2008 Certified company and is one of the leading Engineering Consulting Firms with 18 Years of successful track record of working in India as well as International Markets. Established in the year 1998, AACPL has its corporate office at Navi Mumbai and branch offices in major Indian cities like Thane, Solapur, Bellary, Yadgir, Bidar, Kalburgi, Patna, Gaya and a state-of-the-art lab facility at Navi Mumbai.

A team of 130 professionals support our Indian & International operations for our esteemed clients in sectors such as transportation planning, traffic engineering, architecture, urban infrastructure and project management. Our wide range of customers include national and local governments, public and private utilities, industrial and commercial companies, developers, banks as well as private entrepreneurs.

We provide cost effective and value-driven consultancy services customized for specific projects and typical requirements. AACPL's customer focused approach and continuous quest for achieving world class quality have enabled us to attain and sustain lead in Engineering Consultancy in the Indian subcontinent.

### MISSION STATEMENT

At AACPL, we believe in progress driven by unbiased service to the community and leveraging our core strengths to attain leadership.

### NATION -WIDE RESOURCES

We have over 130 staff working in public and private sector projects in India and overseas countries including Indonesia, Ethiopia, Mauritius, Zambia etc. Our team consists of accomplished Engineers, planners, architects, surveyors, designers, consultants and marketing professionals spread across 8 corporate and regional offices.

## SERVICES

### ➤ SURVEY & GEOTECH

- Topographic Survey
- Soil Investigation
- GIS Mapping
- Household Survey
- Soil & Material Testing

### ➤ TRAFFIC ENGINEERING & TRANSPORTATION PLANNING

- Traffic Studies
- Traffic Impact Assessment
- Traffic Projection & Simulation
- Parking Demand Survey
- Traffic Management Plan
- City Mobility Plan
- Public Transportation Service Plan

### ➤ ARCHITECTURE

- Architectural Design
- Site Planning
- Landscape Design
- Signage Design
- Structural Design

### ➤ URBAN PLANNING

- Master Planning
- Development Plans
- Development Control Rules
- Land Use Plans
- Tourism Plans

- City Development Plans

➤ **PROJECT MANAGEMENT**

- Project Management
- Third Party Inspection
- Quality Assurance & Quality
- Control Management

## CLIENTELE

IT'S THOUGHTFUL. IT'S  
**Rustomjee®**

---

## MILESTONES

- Completed more than 1200 projects.
- 2700 km of Engineering Survey of roads & 17000 Hectares of Land Survey.
- 2500 km of Design & Cost estimates of road projects.
- 500 km of Railway Engineering Surveys.
- About 300 traffic studies.
- Design of Storm water drainage and Rainwater Harvesting schemes.
- Completion of P.M.C. Services for projects worth INR 500 Crore.
- Ongoing PMC services for projects worth about INR 700 Crore.
- Architectural design for about 110 residential and commercial projects.
- Signage Design for about 35 important projects.
- Design of manual for Signage system for PWD, Government of Maharashtra.
- Two Tourism Master Plans for ECO sensitive Zones.
- Tourism Master Plans for four districts of Maharashtra.

## HUMAN RESOURCES

We are a team of experienced and qualified personnel whose prime concern is delivering best possible solutions. The team members are as under:

### 1. Amol S. Khair – Managing Director

B.E. (Civil), Master of Planning with Gold Medal & MBA (Finance),

Over 25 years of experience in planning and design of transport infrastructure projects and tourism infrastructure projects. He looks after the projects related to Engineering surveys, Traffic & Transportation studies, Urban, Regional and Transportation Planning and Highway Engineering, bridges etc.

### 2. Mrs. Neha Khair - Director

Architect with gold medal, Master of Design (Visual Communication) from IIT Mumbai, and has more than 22 years of experience in Graphic Designing and Architectural projects. She looks after various projects related to the Multimedia Presentations, Architecture and Graphic Designing and contributes in the Urban planning and tourism projects.

### Office Staff:

❖	Post Graduate Engineers/ Planners	:	7 Nos.
❖	Graduate Engineers	:	6 Nos.
❖	Diploma Engineers	:	5 Nos.
❖	Post Graduate Architects / Planners	:	2 Nos.
❖	Architects	:	2 Nos.
❖	Post Graduate (Others)	:	4 Nos.
❖	Draftsman	:	6 Nos
	<b>Total</b>		<b>32 Nos.</b>

**Project Management Engineers:**

❖	Graduate Engineers	:	22 Nos.
❖	Diploma Engineers	:	19 Nos.
❖	Supervisors	:	24 Nos.

**Total**                      **65 Nos.**

**Engineering Survey Teams:**

❖	GPS / Total Station Surveyors	:	4 Nos.
❖	Survey Assistants	:	3 Nos.

**Traffic Survey Supervisors**                      :                      2 Nos.

**Supporting Staff**                      :                      23 Nos

## OFFICE INFRASTRUCTURE

We have several indigenously made soft wares, which are useful for providing simple solutions to complex problems.

The **latest version of MX software: MX(ROAD)-V8.0-XM, MX(RENEW)-V8.0-XM & MX(URBAN)- V8.0-XM Edition** for the land Survey, Highway Design and Pavement Renewal is also available in the office. This sophisticated tool helps AAKAR in arriving at the correct Triangulation, preparation of Ground Terrain Model, quick, economical and safe road alignments and quantity estimation with option of various road alignment alternatives as well as design modules. The MX–Urban software helps in designing the utilities along the Urban roads.

### ➤ Power Civil:

Five Licenses for Power Civil (2006) helps in analysing ground data and preparation of DTM model. The software helps in design & planning of layers of large areas and plots division and also designing of water supply, sewer line, channel & road.

### ➤ E Surveying Solution:

“E sections” is a complete section creation and management solution designed to help engineers, surveyors and designers to create industry standard drawings and to generate instant calculation reports related to Road / Railway lines / irrigation / pipeline design / sewer network project.

The section data in alignment form in CAD can be directly imported into E sections to create cross sections and longitudinal sections.

### ➤ AutoCAD:

Latest AutoCAD 2013 full versions licensed copies.

**DETAILS OF EQUIPMENTS & SOFTWARES**

S. No.	Description	No. & Specifications	
1	Software's	1.	<b>Latest version of MX Software's :</b>
			MX(ROAD)-V8.0-XM, MX(RENEW)-V8.0-XM & MX(URBAN)- V8.0-XM Edition
		2.	<b>Power Civil</b>
			Five Licenses for Power Civil
		3.	<b>Building Design and Quantity Estimation</b>
		4.	<b>Autocad 2014</b>
			Five Licenses
